Subject: Potential Agenda Items for Region 5 Meeting

Cathy –

Great catching up with you today. As I mentioned, I have some potential agenda items for the meeting later this month. I realize some may be DC driven, but perhaps the conversation could be started.

They include:

- **Ex. 5 Deliberative Process (DP)**
- PFAS – update, status of HAL, etc.
- **Ex. 5 Deliberative Process (DP)**
- Research needs
- **Ex. 5 Deliberative Process (DP)**
 - PFAS biosolids standards, MCLs, etc.
- Mechanism for states to share lessons learned
- **Ex. 5 Deliberative Process (DP)**

Finally, here is a comment from a Division Director, **Ex. 5 Deliberative Process (DP)**

Thanks and I look forward to catching up again soon! Visit us when the weather is nice.
